

Duotex®
Just add water!

MicroSweep Duotex Ergo Mop

A microfiber mop with top cleaning performance and lowest friction that makes it glide even more easy on the floor. Stand up to the highest requirements for cleaning, hygiene and ergonomics. 100% split and twisted microfiber in the fringes too. Double layers of microfiber.

Features and benefits

Cleaning Effect

Duotex technology makes it possible to combine superior cleaning capacity with low friction.

Efficiency

Thanks Duotex technology whole surface of the mop is used for cleaning. Fringes increase cleaning capacity by 35%.

Hygiene

Double layers of microfiber, that gives more effective cleaning, better absorption and prevent bacteria growth.

Ergonomy

Very easy gliding on the most of surfaces. Only one mop for a dry, damp or wet cleaning.

Ecology

Less water and chemicals,
Mop is approved under the highest criteria of the Nordic Ecolabel version 2.0.

*All Duotex® mops are available with color-coded edges for different uses.
