

BUSTER Cat Catheter

BUSTER Cat Catheter

The popular range of BUSTER Cat Catheters has been expanded to include new features, materials and sizes to cover the different needs in the feline patient

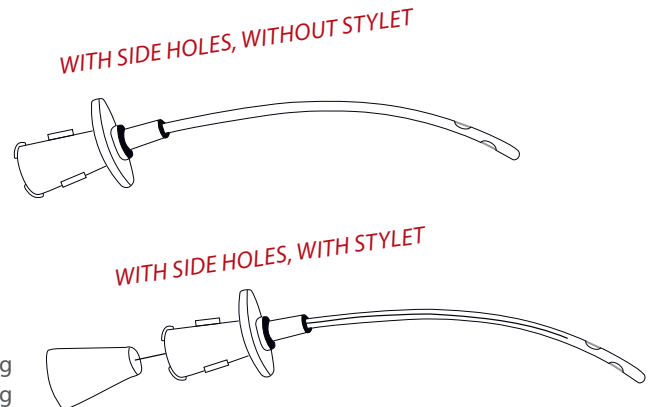

- The luer lock fitting and the handle of the stylet are moulded for premium quality
- All catheters have rounded ends to avoid tissue damage
- Available with end holes or side hole
- Handles on luer fitting for better grip
- Suture holes in the baseplate allows suturing to the prepuce
- 12/pk

BUSTER Cat Catheter with side holes

- Ideal for urine sample collection, urine retention relief and bladder lavage
- The catheter with stylet is softer than the catheter without stylet
- Now also available in 1.3 x 160 mm for larger cats
