

BALTIC

« BALTIC: Modern alliance of wood and plastic »

ECO-FRIENDLY PRODUCT

Mixing of materials

Design is very contemporary, its wooden structure from forests managed in an eco-responsible way preserves it from rust and bumps in case of fall. Its design contributes to preserve the natural resources for the future generations. Eco-responsible approach !

PERFECT VISIBILITY

Easy to read

With the high size glass, BALTIC is an ideal clock for individual offices or breakrooms. With its white numbers on a black background : visual contrast favourable to easy reading from a distance up to 35 metres

QUARTZ SYSTEM

HIGH PRECISION

The mechanism of quartz clock, based on the phenomenon of piezoelectricity, is one of the most energy-efficient, for a reliability of a 1 second discrepancy over a 6 years running period

TECHNICAL FEATURES

Materials

Outline : wood

Cover: plastic
